## **Multiple District and District Website Updates:**

A variety of District and MD updates have been requested through the year, including newsletters for several portfolios. The website has been updated for each such request.

## **District and Multiple Directories:**

The 2023/24 MD and Districts directories are available from the District and MD sites. They'll be kept up to date as updates are sent to me or the District cabinet secretaries – there have been many updates already, which indicates that clubs find the directory a useful service worth keeping up to date.

Clubs are sometimes reluctant to ask for updates as they feel it must involve some effort for me. There is almost no effort involved as I've automated almost the entire process, so please ask for updates whenever they're needed.

## **Club Pages:**

All the web pages for clubs without their own websites ([lionsclubs.co.za/clublinks.html](https://lionsclubs.co.za/clublinks.html)) have been updated from the same database the directories use. Any updates affecting one of those pages will be applied to the club page as well. These updates are also quick and I similarly welcome any corrections.

## **MD Convention Website:**

As in recent years, the convention website at <https://lionsconvention.co.za/> has been used to register for the MD Convention and provide a variety of Convention related information. This approach seems to work very well and will be continued for future Conventions. Please contact me with any suggestions for improvements that could be made to the site or registration process.

## **Multiple District Facebook Page:**

The Multiple District Facebook page is reasonably active, but I myself do not use Facebook. There is an excellent set of administrators in place though, including PCCs Cliff Hocking and Denis Meyer.
